## Our Purpose

Enabling our *communities to thrive*

## Our Vision

To create and support an *innovative and sustainable energy future*

## Best in Service

So we have the *trust of our community*

## Best in Safety

Every Day - *Home Safe*

## Our Values

**Agile**

We listen to ideas, we explore opportunities and we adapt to changing situations with an open mind. When change is needed we make sure we understand why and we make it work. We're flexible and we respond professionally to change.

**Build the business**

We make sure our day to day activity is sound while exploring ways to improve the way we work or things we do. We often ask "is there a better way to do this?" and we investigate options.

**Care for each other, the customer and our assets**

We work as a team across the business to do things the right way. We treat others with respect, listening to their needs so we can deliver a reliable and safe service to our communities.

**Do the right thing**

We make decisions with integrity and when we can, we help others make the right decision for their situation. We're open, honest and trustworthy. We speak up if we feel we should and we listen to others.

**Every Day - Home Safe**

We lead by example to keep ourselves, our workmates and our communities safe. We use the right equipment, we challenge unsafe acts and we say no if we think it's not safe.
